What climate related changes have you seen or experienced? What do you see as future risks? How can we reduce the causes and prepare for the impacts of a warming planet on our communities, our economies, our natural environments?

Join us for a community discussion on the causes and impacts of climate change & the actions we can take individually, communally, legislatively to address them.

Panel Offering Community Perspectives:

Idola Batson, Pastor, Mt. Calvary AMEC

Diane Hanson, Commissioner, Dewey Beach

Susan Love, Climate & Sustainability Section Lead, Delaware

Dept. of Natural Resources & Environmental Control

John Sertich, President, Clean Energy USA
